Council Policy

Recreation Facility Development

Introduction

Sport and recreation play an important role in promoting a sense of community, social inclusion and community wellbeing. Recreation and open space facilities are recognised as important assets that encourage broad community use and opportunities for a well-balanced lifestyle with a range of physiological, mental, social and educational benefits. The facilities contribute to providing a social focus and influencing people's perception of their community. Quality facilities encourage broad community use, events, tourism and contribute to the overall economic sustainability of the communities in which they exist.

Sport, recreation and the natural environment form an integral part of the Corangamite Shire culture. Across the Shire a broad range of recreation and sporting facilities which provide active or passive, structured or unstructured and formal or informal participation opportunities are available including golf clubs, bowls clubs, recreation reserves which cater to football, netball and cricket, tennis clubs, equestrian facilities, indoor sports centres which offer a myriad of activities from squash and soccer to senior badminton and basketball.

Purpose

This policy aims to detail Council's involvement in the development of sport and recreation facility capital projects across the Shire.

Scope

This policy applies to sport and recreation facilities in the Corangamite Shire which provide general public access and are used for community purposes on both Council owned land and land not owned by Council.

Definition

Grant – an allocation of funds on a non-recurrent basis for the purpose of fulfilling the specified project.

Value for money - selecting the supply of goods, services and works taking into account both cost and non-cost factors.

Policy Detail

Decision Guidelines

Council will consider requests for grants as a part of budget discussions in each financial year.

Each request will be assessed in accordance with specific criteria:

- The project scope has been clearly defined.
- Detailed project planning has been undertaken with evidence of designs (where appropriate) and quotation/s for cost of works.
- The project budget reflects consideration of other potential external funding opportunities, and a contribution from the community.
- Preference will be given to those projects that are identified or align with Community Township Plans, Recreation Reserve / Club and/or Council's policies, corporate or strategic plans.
- Preference will be given to those projects that have a demonstrated need whether for asset condition upgrade or renewal, sports development outcomes and/or community demand. This may be evidenced by strategic planning work undertaken by the state sporting body or the club itself.
- Projects which are being undertaken by commercial organisations will be ineligible to apply.

Implementation

- Council will consider financial contributions as a part of its annual budget development.
- If Council is providing funding, Council will disburse the grant directly to a Club or Community Group.
- Procurement based on best value for money will be the responsibility of the Club or Community Group.
- The project will be managed by the Club or Community Group directly with a representative from Council to sit on the project management team as required.
- The Club or Community Group will be required to provide an acquittal to account for the funds at the completion of the project.
- Where a third party organisation is providing funds and requires Council to manage funds on behalf of Club or Community Group, they will be made aware of this policy.
- In the event that Council's Procurement Policy must be observed then the minimum spend competition thresholds as specified will be adhered to.
